

La sexualité des femmes âgées : mythe ou réalité?

P-5

PREVENTION

BRIEF DESCRIPTION OF THE TOOL:

This brochure addresses the theme of the sexuality of older women. Its purpose is to inform the public as well as to demystify the many social prejudices surrounding sexual life during old age.

Here are the major topics covered in this document:

- Ageism
- Sexuality during old age
- Prejudices
- The possible consequences of misunderstanding the topic
- What sexuality is for older women
- Nine intervention avenues
- Reference list
